

Thank You, Senators Coons and Carper

For Standing with Delaware's Tipped Workers

“Thank you for supporting the tipped wage system! It has allowed me to turn a job I truly love into a career with unlimited earning potential.”

Doug, Rehoboth Beach

“The tipping system helps restaurants like mine keep prices affordable, and the waitstaff do better with tip income.”

Lottie, Wilmington

“Thanks to the tip credit, what started as a summer job became a career that provides the income I need to live and enjoy life.”

Meg, Dewey Beach

“Working as a tipped employee has allowed me to earn a great income without a traditional 9-to-5 job.”

Dana, Rehoboth Beach

“I’ve bought a house and I am the sole provider for my family, all thanks to tipping and hard work as a bartender.”

Andrew, Wilmington

Past attempts to increase the tipped wage have led to reductions in tip income and fewer jobs. That is why thousands of servers support the current system.
